

What Does *Pedagogy* Mean?

For Parents and Caring Adults

- How learning happens—the way we learn
- Transition of theory into realistic/tangible practice—in this moment right now—something that parents do every day
- The how and why we learn and how we can use that in our everyday life
- Adapting what you're doing to fit the child—taking a bit of everything and blending approaches

How Does Learning Happen?

Ontario's Pedagogy for the Early Years

Pedagogy is “the understanding of learning takes place and the philosophy and practice that support that understanding of learning”
